WINDING-UP OF AGP
AMENDMENT TO THE BYE-LAWS OF THE COMPANY
AND
NOTICE OF SPECIAL GENERAL MEETING**

1. INTRODUCTION

Between March and September 2017, AGP, SEA and NLI completed the Original Reorganisation pursuant to which:

- AGP disposed of all its entire Non-PRC Assets to SEA.
- AGP made a special dividend payment to the AGP Shareholders in the amount of HK\$10.35 (£1.06) per AGP Share.

- SEA made a distribution in specie of all the AGP Shares then held by SEA to the qualifying SEA Shareholders.
- NLI made the NLI Share Exchange Offer to the qualifying AGP Shareholders whereby the AGP Shareholders were given the opportunity to exchange their AGP Shares for SEA Shares and cash.

The intentions of the Original Reorganisation were:

- To create a clear division between the operation, management and sphere of activities of the AGP Group and the SEA Group; with the AGP Group's property assets being solely located within the PRC and the SEA Group's property assets being solely located outside the PRC.
- To increase the number of AGP Shares in public hands.
- To distribute cash surplus to its then current and anticipated future requirements to the AGP Shareholders.

Unfortunately, following the completion of the NLI Share Exchange Offer, the percentage of AGP Shares in public hands fell to approximately 2.23 per cent.

Due to limited liquidity in the AGP Shares and, in practical terms, a small free float, continued admission to trading on AIM no longer sufficiently provides AGP with the advantages of providing access to capital or enabling the AGP Shares to be used to effect acquisitions. In addition, with little trading volume, the AGP Share price is susceptible to volatility even where relatively low volumes of AGP Shares are traded.

The AGP Board believes that the prospect of raising significant new equity at AGP's existing valuation is remote given the limited liquidity in the AGP Shares and apparently limited investor appetite. In addition, the AGP Board does not believe it is in the interests of existing AGP Shareholders as a whole to issue a large number of AGP Shares at a discount simply to increase the free float.

Having considered the available options, the AGP Board considers that it would be in the best interests of AGP and AGP Shareholders as a whole for AGP to be wound-up and its assets distributed back to the AGP Shareholders.

As disclosed in the AGP Announcement, in order to minimise the time it will take for the AGP Shareholders to receive their return of capital upon a winding-up, the AGP Board proposes that:

- All the AGP Existing Assets shall be sold (by way of disposal of the entire issued share capital of GT) from AGP to AGPCL at a fair value supported by a third party valuation report, and in return AGPCL shall transfer the entire issued share capital of the Swap Company to AGP. AGPCL is an indirect wholly-owned subsidiary of JCS and an associate of NLI, the controlling Shareholder of AGP, whereas the Swap Company is a direct wholly-owned subsidiary of AGPCL, as at the date of this document.

- Following the Disposal, AGP shall retain an amount of HK\$0.50 million (£0.05 million) as winding-up expenses and distribute the remaining assets (comprising (i) cash of approximately HK\$97.59 million (£9.53 million) and (ii) the entire issued share capital of the Swap Company (with a value of approximately HK\$4,297.27 million (£419.12 million)) to the AGP Shareholders by way of a special distribution (the AGP Special Distribution Payment). It is proposed that NLI will receive the AGP Special Distribution Payment in a combination of issued shares of the Swap Company and cash, whereas all AGP Shareholders other than NLI will receive the AGP Special Distribution Payment in cash, in each case pro-rata to their respective AGP shareholding. Based on the current proposal, the AGP Shareholders other than NLI will receive cash of HK\$4.9584 (£0.4836) per AGP Share held, whereas NLI shall receive a distribution of HK\$4.9584 (£0.4836) per AGP Share held, which in aggregate comprises the entire issued share capital of the Swap Company and cash.
- A reduction in AGP capital shall be undertaken to provide sufficient distributable reserves to fund the AGP Special Distribution Payment.
- After completion of the AGP Special Distribution Payment, (i) the admission of AGP Shares to trading on AIM shall be cancelled; and (ii) the Winding-Up Resolution shall be approved to wind up AGP and appoint the Liquidators to undertake the orderly winding-up of AGP.
- To facilitate the winding-up of AGP, the Bye-laws Amendments approved by the Board are being put forward for approval by the AGP Shareholders at the SGM.

In addition, given the size of the Disposal, the Disposal is treated in accordance with the requirements of Rule 15 of the AIM Rules for Companies as a fundamental change of business of AGP. The Disposal is therefore conditional upon, *inter alia*, the passing by the AGP Shareholders of the Disposal Resolution at the SGM.

Given that the intention of the Proposed Disposal, Distribution and Winding-Up is ultimately to conduct an orderly winding-up of AGP, the AGP Board has no intention of making an acquisition pursuant to Rule 14 of the AIM Rules for Companies nor seek readmission as an “investing company”. Hence, the AGP Board will seek the AGP Shareholders’ approval to cancel the admission of the AGP Shares to trading on AIM at the SGM.

Each of the Disposal, the AGP Special Distribution Payment, the Capital Reduction, the cancellation of the admission of AGP Shares to trading on AIM, the authorisation of NLI to approve the Winding-Up Resolution and the Bye-laws Amendments is subject to AGP Shareholders’ approval and confirmation where applicable at the SGM.

The purpose of this document is to provide the AGP Shareholders with information in relation to the Proposed Disposal, Distribution and Winding-Up.

The AGP Independent Directors recommend that the AGP Shareholders vote in favour of the Resolutions. As at the Latest Practicable Date, none of the AGP Independent Directors holds any AGP Shares. It is noted that NLI, the controlling shareholder of AGP, directly or indirectly held 866,605,133 AGP Shares as at the Latest Practicable Date, amounting to approximately 97.77 per cent. of AGP's Existing Issued Share Capital. In respect of such AGP Shares, NLI has irrevocably undertaken to, among others, vote (or procure the vote of AGP Shares indirectly controlled by it) in favour of all the Resolutions to be proposed at the SGM. For details of the irrevocable undertaking, please see the paragraph headed "Irrevocable Undertaking" of Part I of this document. In addition, it is noted that SEA through its wholly-owned subsidiary held 34,598 AGP Shares as at the Latest Practicable Date, representing approximately 0.004% of AGP's Existing Issued Share Capital.

2. BACKGROUND TO, REASONS FOR AND THE EFFECT OF THE PROPOSED DISPOSAL, DISTRIBUTION AND WINDING-UP

Prior to the Original Reorganisation, AGP was majority controlled by SEA which held approximately 97.17 per cent. of the then issued share capital of AGP.

AGP was originally established as a real estate group focused on the Asian market and in particular on Hong Kong and PRC. AGP's strategy was to invest in property in the Asia Pacific region and to raise additional equity funding through the issuance of AGP Shares on AIM in order to grow the Company. However, the AGP Share price fell sharply during the 2008 financial crisis such that the AGP Shares traded at levels significantly below AGP's NAV per AGP Share. Effectively, this prevented the AGP Group from carrying out an equity fund raising without being prejudicial to the interests of its then existing Shareholders.

From its admission to trading on AIM up until completion of the Original Reorganisation, the AGP Group's business had performed well and the NAV per AGP Share had increased significantly over such period. However, this has not been reflected in its share price.

AGP recognised that at the relevant time it needed to increase its free float and liquidity in order to seek to narrow the discount between the NAV per AGP Share and the AGP Share price. However, given the discount of the AGP Share price to its NAV per AGP Share (based on the NAV per AGP Share as at 30 September 2017 and the AGP Share price as at 9 November 2017) this discount stood at 34 per cent, it would be highly dilutive to AGP Shareholders' interests if AGP were to issue new AGP Shares at the prevailing market price in circumstances in which the Shareholders were not able to invest their proportionate share in any such equity fundraising.

Accordingly, with the approval of the AGP Shareholders and the SEA Shareholders earlier this year, the AGP Board and the SEA Board carried out the Original Reorganisation which was intended to achieve the following:

- re-focusing AGP as a property investment and development company whose principal operations are in the PRC;
- AGP distributing back to its Shareholders cash excess to its requirements; and
- SEA distributing AGP Shares to the SEA Shareholders by way of the SEA Distribution in Specie so as to increase AGP's free float and broaden its shareholder base.

In order to (i) mitigate against those SEA Shareholders who received AGP Shares which they did not wish to keep disposing of such AGP Shares in the market (and thereby potentially further depressing the AGP Share price), and (ii) fulfill Hong Kong regulatory requirements to provide a liquidity option to SEA Shareholders receiving non-HKSE listed shares, NLI agreed to provide the NLI Share Exchange Offer to the AGP Shareholders whereby AGP Shareholders could opt to exchange their AGP Shares for SEA Shares. Under the Hong Kong Takeovers Code, the NLI Share Exchange Offer had to be provided to all qualifying AGP Shareholders.

Immediately upon completion of the SEA Distribution in Specie of AGP Shares but prior to the NLI Share Exchange Offer, AGP's Shares in public hands initially increased from approximately 2.77 per cent. to approximately 28.72 per cent.

However, a significant number of AGP Shareholders opted to exchange their AGP Shares for SEA Shares pursuant to the NLI Share Exchange Offer. Immediately upon completion of the NLI Share Exchange Offer, the percentage of AGP Shares in public hands fell to only approximately 2.23 per cent. which the AGP Board considers to be too low for AGP to remain as a public company admitted to trading on AIM.

In light of the overwhelming response to the NLI Share Exchange Offer, the AGP Board believes that current appetite for a PRC focused property investment and development company admitted to trading on AIM is very low. Given this, the AGP Board further believes that the prospect of raising a significant amount of new equity at its existing valuation is remote. Therefore, the AGP Board does not believe it is in the best interests of AGP Shareholders as a whole to issue a large number of AGP Shares at a significant discount to the prevailing market price simply to obtain an increased free float.

With limited liquidity in the AGP Shares and, in practical terms, a small free float, and limited prospects for remedying the free-float issue in the near future, the continued admission of the AGP Shares to trading on AIM no longer sufficiently provides AGP with the advantages of providing access to capital or enabling the AGP Shares to be used to effect acquisitions. In addition, with little trading volume, AGP Share price is susceptible to volatility even where relatively low volumes of AGP Shares are traded.

Having considered the available options, the AGP Board therefore has come to the conclusion that it would be in the best interests of AGP and the AGP Shareholders for AGP to be wound-up and its liquid assets distributed back to the AGP Shareholders through the Proposed Disposal, Distribution and Winding-Up.

3. THE DISPOSAL

Pursuant to the SPA, AGP has conditionally agreed to dispose of the AGP Existing Assets, which are held by GT, by way of the sale of the entire issued share capital of GT to AGPCL. The consideration for the Disposal is HK\$4,297.27 million (£419.12 million) (subject to adjustments where applicable as described in the paragraph below) which was calculated by reference to the projected NAV (“**Projected NAV**”) of GT Group as at 13 November 2017 (being the date of the SPA) as derived from the unaudited consolidated balance sheet of GT Group projected to 13 November 2017, and taking into account the valuation of those parts of the AGP Existing Assets which are real properties in the PRC as at 30 September 2017 as valued by an independent third party valuer engaged by AGP, being Savills Valuation and Professional Services Limited.

Pursuant to the SPA, GT shall prepare a management’s consolidated balance sheet of GT Group as at 13 November 2017 (being the date of the SPA) which shall be submitted to AGP and AGPCL for their joint approval of the agreed NAV (“**Agreed NAV**”). If they cannot agree on such consolidated balance sheet, a review of such consolidated balance sheet shall be conducted by an auditor to be agreed by AGP and AGPCL and such auditor’s opinion of the consolidated NAV (“**Auditor-reviewed NAV**”) shall be final and binding on the parties. Where there is a difference between the Agreed NAV (or the Auditor-reviewed NAV, as the case may be) and the Projected NAV, the parties shall settle the difference in NAV on a dollar-for-dollar basis post-completion.

Completion of the SPA is conditional on the AGP Shareholders passing the Resolutions at the SGM.

If any of the conditions precedent is not fulfilled by 6 December 2017, or such later date as AGPCL agrees, the SPA shall terminate.

If the SPA terminates, the Proposed Disposal, Distribution and Winding-Up will not occur.

The consideration payable in relation to the Disposal will be satisfied upon completion of the Disposal by AGPCL transferring its 550,931,411 shares of par value of US\$1.00 each of the Swap Company, representing 100 per cent. of the entire issued share capital of the Swap Company, to AGP.

As AGPCL is a Related Party of AGP, the Disposal is deemed to be a related party transaction under Rule 13 of the AIM Rules for Companies. The AGP Independent Directors consider, having consulted with Strand Hanson, the Company’s nominated adviser and broker that the terms of the Disposal are fair and reasonable insofar as the AGP Shareholders are concerned.

4. THE REDUCTION IN CAPITAL AND THE AGP SPECIAL DISTRIBUTION PAYMENT

Upon the completion of the Disposal, AGP will have liquid assets of approximately HK\$4,395.36 million (£428.70 million) consisting of (i) the entire issued share capital of the Swap Company, which carries a value of approximately HK\$4,297.27 million (£419.12 million); and (ii) cash of HK\$98.09 million (£9.58 million). None of these assets will be encumbered.

Based on the estimates received by AGP, the expenses of the AGP Group for the Proposed Disposal, Distribution and Winding-Up will be approximately HK\$0.50 million (£0.05 million). Hence, an amount of approximately HK\$4,394.86 million (£428.65 million) is expected to be surplus to requirements and able to be returned to the AGP Shareholders by way of the AGP Special Distribution Payment.

In order to enable AGP to make the AGP Special Distribution Payment, the AGP Board proposes to reduce the capital of AGP by approximately HK\$345.33 million (£33.68 million), subject to the approval of the AGP Shareholders of the Capital Reduction Resolution at the SGM. To facilitate the AGP Special Distribution Payment, it is proposed to be approved in the SGM that (i) the par value of each of the existing issued AGP Shares of US\$0.05 be reduced from US\$0.05 each to US\$0.00005 each by cancelling the capital paid up thereon to the extent of US\$0.04995 on each of the then existing issued AGP Shares; and (ii) each of the then authorised but unissued AGP Shares of US\$0.05 each be subdivided into 1,000 AGP Shares of US\$0.00005 each.

The amount of the AGP Special Distribution Payment is expected to be HK\$4.9584 (£0.4836) per AGP Share, amounting to approximately HK\$4,394.86 million (£428.65 million) in aggregate.

Based on this allocation (in each case pro-rata to their respective AGP shareholding):

- NLI will be entitled to receive a distribution payment of HK\$4.9584 (£0.4836) per AGP Share held, being approximately HK\$4,297.29 million (£419.13 million), of which HK\$4,297.27 million (£419.12 million) will be satisfied by distributing to NLI the entire issued share capital of the Swap Company (which carries a value of approximately HK\$4,297.27 million (£419.12 million) and the remaining HK\$0.02 million (£0.01 million) will be satisfied in cash; and
- the other AGP Shareholders will in aggregate receive HK\$4.9584 (£0.4836) per AGP Share held, being (approximately HK\$97.57 million (£9.52 million) in cash.

The AGP Special Distribution Payment is conditional on (i) the passing by AGP Shareholders of the Resolutions at the SGM; (ii) completion of the Disposal; and (iii) completion of the Capital Reduction in accordance with the Companies Act. If such conditions are not satisfied, the AGP Special Distribution Payment will not be made.

Under the Companies Act, a company shall not declare or pay a dividend, or make a distribution out of contributed surplus, if there are reasonable grounds for believing that such company is, or would after the payment be, unable to pay its liabilities as they become due, or the realisable value of such company's assets would thereby be less than its liabilities. If such company can meet such tests, and the distribution will not result in a reduction of share capital or share premium of such company, then the distribution of these reserves will be permissible under Bermuda law. Having considered the financial condition of AGP, the AGP Board is satisfied that there are no reasonable grounds for believing that the AGP Special Distribution Payment would render AGP unable to pay its liabilities as they become due or the realisable value of its assets would thereby become less than the aggregate of its liabilities.

The AGP Shares will go ex-dividend on Thursday, 7 December 2017 and the record date of the AGP Special Distribution Payment will be on Friday, 8 December 2017. The cash portion of the AGP Special Distribution Payment will be converted to Pound Sterling at the spot rates sourced from The Hong Kong Association of Banks on the ex-dividend date and paid to the Shareholders on Monday, 18 December 2017. Shareholders who elect to receive the special dividend in Hong Kong Dollars should notify the Company in writing to info@asiangrowth.com at least 5 Business Days prior to the AGP Special Distribution Payment date (i.e. on or before Monday, 11 December 2017).

5. PROPOSED CANCELLATION OF ADMISSION TO TRADING ON AIM

Following the Disposal and the AGP Special Distribution Payment, AGP will have no operating business and very little cash, expected to be sufficient to fund the expenses estimated to be incurred in connection with the winding-up.

Upon completion of the Disposal, AGP will be regarded as a cash shell pursuant to Rule 15 of the AIM Rules for Companies. Within six months of becoming a cash shell, AGP must make an acquisition which constitutes a reverse takeover pursuant to Rule 14 of the AIM Rules for Companies or otherwise seek readmission as an "investing company" with the attendant requirement to raise at least £6 million on or immediately before such readmission. Failure to do so within the six month period would result in the cancellation of the AGP Share's admission to trading on AIM in accordance with Rule 41 of the AIM Rules for Companies.

Given that the intention of the Proposed Disposal, Distribution and Winding-Up is ultimately to conduct an orderly winding-up of AGP, the AGP Board has no intention of making an acquisition pursuant to Rule 14 of the AIM Rules for Companies nor seek readmission as an "investing company". Hence, the AGP Board will seek the AGP Shareholders' approval to cancel the admission of AGP Shares to trading on AIM at the SGM.

In accordance with Rule 41 of the AIM Rules for Companies, the Cancellation Resolution must be approved by not less than 75 per cent. of votes cast by the AGP Shareholders at a general meeting. Accordingly, the Notice of SGM set out in Part IV of this document contains the Cancellation Resolution.

Furthermore, Rule 41 of the AIM Rules for Companies requires an AIM company to notify shareholders and to separately inform the London Stock Exchange of its preferred cancellation date at least 20 Business Days prior to such date. Accordingly, the AGP Directors have notified AIM of AGP's intention, subject to the Cancellation Resolution being passed at the SGM, to cancel AGP's admission of the AGP Shares to trading on AIM on 20 December 2017. **The Directors, noting the irrevocable undertaking provided by NLI, in respect of its approximately 97.77 per cent. direct or indirect shareholding in AGP, to vote (or procure the vote in respect of AGP Shares indirectly controlled by it) in favour of all the Resolutions, expect the cancellation of admission of the AGP Shares to trading on AIM will become effective at 7.30 a.m. (London time) (3:30 p.m. Hong Kong time) on Wednesday, 20 December 2017.**

If the cancellation becomes effective the AGP Shares will no longer be traded on a public market and, following the winding-up, there will be no trading facility in place thereafter. Strand Hanson will cease to be the nominated adviser and broker to AGP, and AGP will no longer be required to comply with the AIM Rules for Companies. Therefore, AGP Shareholders will no longer be afforded the protections given by the AIM Rules for Companies, such as the requirement to be notified of certain events, including substantial transactions, financing transactions, related party transactions and fundamental changes in the Company's business, including certain acquisitions and disposals.

Shareholders are reminded that AGP is an exempted company registered in Bermuda, its central place of management and control remains outside the UK and therefore the Company is not currently resident in the UK, the Channel Islands or the Isle of Man for the purposes of the City Code. As a result, the provisions of the City Code do not currently apply to the Company and AGP Shareholders are not entitled to the protections afforded by the City Code.

6. PROPOSED WINDING-UP AND PROPOSED BYE-LAWS AMENDMENTS

Following completion of the Disposal, the AGP Special Distribution Payment and the cancellation of admission of the AGP Shares to trading on AIM, the AGP Board intends to place AGP into solvent voluntary winding-up. It is intended that immediately upon the completion of the Disposal, the AGP Special Distribution Payment and the cancellation of admission to trading on AIM, the Winding-Up Resolution will be passed, by way of written resolution signed by NLI, to approve the voluntary winding up of the Company and appointment of the Liquidators by the Company.

To facilitate the Winding-Up Resolution to be passed by way of written resolution signed by NLI, it is proposed that the Bye-laws be amended to permit anything which may be done by resolution of the Company in general meeting to be done by way of a written resolution in accordance with the Bye-laws, and such written resolution is passed when it is signed by AGP Shareholder(s) who represent(s) such majority of votes as would be required if the resolution was voted on at a shareholders meeting at which all AGP Shareholders entitled to attend and vote were present and voting. A further resolution has been proposed at the SGM to authorise NLI to approve the Winding-Up Resolution by way of written resolution to wind up AGP, subject to the AGP Shareholders passing the Bye-laws Amendments.

It is proposed that Mr. Mat Ng and Mr. Chan King Wai Leonard of JLA Asia Limited be appointed as Liquidators of AGP. The winding-up of AGP will be a solvent winding-up in which it is intended that all creditors will be paid in full. Assuming that the Winding-Up Resolution is passed, the appointment of the Liquidators will be effective immediately upon the completion of the Disposal, the AGP Special Distribution Payment, the cancellation of admission of the AGP Shares to trading on AIM, and the passing of the Winding-Up Resolution. At this point, the powers of the AGP Directors will cease and the Liquidators will assume responsibility for the winding-up of AGP, including the payment of fees, costs and expenses, the discharging of the liabilities of AGP and the distribution of its surplus assets to AGP Shareholders. Appropriate arrangements would be put in place to expedite the winding up process of AGP.

The Liquidators shall realise the AGP Group's remaining assets and (after payment of its liabilities and after deducting the costs of implementation) the net proceeds and other cash held by AGP shall be distributed amongst AGP Shareholders in accordance with the Companies Act. Under the Bye-laws, any distribution unclaimed after a period of six years from the date of declaration shall be forfeited and shall revert to the Company. To facilitate the final distribution to the AGP Shareholders by the Liquidators, it is proposed under the Bye-laws Amendments, *inter alia*, that upon the liquidation of the Company, to the extent that any such unclaimed distribution reverts to the Company (or if applicable an independent trustee or custodian appointed by the Company or the liquidator), they shall be subject to distribution in accordance with section 225 of the Companies Act after the payments of all costs and liabilities provided that any of such amounts still remaining unclaimed afterwards shall be donated for the benefit of The Community Chest of Hong Kong. In the event that the unclaimed amount is less than HK\$1,000,000 (£97,000), the Liquidators (or the trustee or custodian so appointed by the liquidator) are not required to make the aforesaid distribution and shall pay such unclaimed amount for the benefit of The Community Chest of Hong Kong as a charitable donation.

The Bye-laws Amendments Resolution is subject to approval by the AGP Shareholders at the SGM.

In order to carry the voluntary winding-up into effect, the Winding-Up Resolution is intended to be passed, immediately upon the completion of the Disposal, the AGP Special Distribution Payment and the cancellation of admission of the AGP Shares to trading on AIM, by way of written resolution of the Company, to approve the voluntary winding up of the Company and appointment of the Liquidators. NLI has irrevocably undertaken, among others, that upon cancellation of the admission of AGP Shares to trading on AIM, NLI will pass the Winding-up Resolution as soon as practicable in any event no later than five weeks after the date of the statutory declaration of solvency of AGP. For details of the irrevocable undertaking, please see the paragraph headed "Irrevocable Undertaking" below.

Assuming the Winding-Up Resolution is passed, no further audited financial statements or half yearly reports will be issued by AGP.

As AGPCL is a Related Party of AGP, the Disposal is deemed to be a related party transaction pursuant to Rule 13 of the AIM Rules for Companies. Instructions

In accordance with your instructions for us to value the captioned properties (the "Properties") situated in the People's Republic of China in which Asian Growth Properties Limited (the "Company") or its subsidiaries (collectively referred to the "Group") have interests, we confirm that we have carried out inspections, made relevant enquiries and obtained such further information as we consider necessary for the purpose of providing you with our opinion of the market values of the Properties as at 30 September 2017 (the "Valuation Date") for incorporating in a circular to your shareholders.

We understand that this letter, summary of values and valuation certificate will be relied upon by Strand Hanson Limited in connection with their obligations as nominated adviser and broker to the Company pursuant to the AIM Rules for Companies.

Basis of Valuation

Our valuation is our opinion of the market value of the property concerned which we would define as intended to mean “the estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm’s length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion”.

Market value is understood as the value of an asset or liability estimated without regard to costs of sale or purchase (or transaction) and without offset for any associated taxes or potential taxes.

Our valuation is prepared in accordance with The HKIS Valuation Standards (2012 Edition) published by The Hong Kong Institute of Surveyors.

Property Categorization and Valuation Methodology

The properties in Group I are held by the Group for investment purposes in the PRC and the property in Group II is held by the Group for sale in the PRC. In the course of our valuation of the shop and office portions of the properties in Groups I and II, we have primarily adopted the income capitalization approach whereby the rental incomes of contractual tenancies are capitalized for the unexpired terms of tenancies. We have also taken into account the reversionary market rents after the expiry of tenancies in capitalization.

In the course of our valuation of the car park portion of the properties in Groups I and II, we have adopted the direct comparison approach and made reference to the sales of comparable properties as available in the market.

Title Investigation

We have been provided with copies of extracts of the title documents relating to the properties in the PRC. However, we have not searched the original documents to verify ownership or to ascertain the existence of any amendments which may not appear on the copies provided to us. In the course of our valuation, we have relied to a considerable extent on the information given by the Group and the legal opinion issued by the Group’s legal adviser, regarding the titles to the properties in the PRC.

Source of Information

In the course of our valuation, we have relied to a considerable extent on the information given by the Group and accepted advice given to us on such matters as planning approvals or statutory notices, easements, tenure, particulars of occupancy, tenancy details, site and floor areas and all other relevant matters. Dimensions, measurements and areas included in the valuation certificate are based on the information provided to us and are therefore only approximations. No on-site measurements have been taken. We have had no reason to doubt the truth and accuracy of the information provided to us by the Group, which is material to our valuation. We have also sought confirmation from the Group that no material facts have been omitted from the information supplied. We consider that we have been provided with sufficient information to reach an informed view.

Valuation Assumptions

In valuing the properties in the PRC, unless otherwise stated, we have assumed that transferable land use rights of the properties for respective specific terms at nominal annual land use fees have been granted and that any land grant premium payable have already been fully paid. Unless otherwise stated, we have also assumed that the Group has good legal titles to the properties and has free and uninterrupted rights to occupy, use, lease or transfer the properties for the whole of the respective unexpired terms as granted.

No allowance has been made in our valuation for any charges, mortgages or amounts owing on any property nor for any expenses or taxation which may be incurred in effecting a sale. Unless otherwise stated, it is assumed that the properties are free from encumbrances, restrictions and outgoings of an onerous nature which could affect their values.

Site Inspection

We have inspected the exterior and where possible, the interior of the properties. Our inspections were undertaken by our Mr. Tom Chow and Mr. Lucas Lu in October 2017. During the course of our inspections, we did not note any serious defects. Moreover, no structural survey has been made, we are therefore unable to report whether the properties are free from rot, infestation or any other structural defects. No tests were carried out on any of the services.

Non-Publication and Disclaimer

Neither the whole or any part of this letter, summary of values and valuation certificate nor any reference thereto may be included in any document, circular or statement without our prior written approval of the form and context in which they will appear.

Finally and in accordance with our standard practice, we must state that this letter, summary of values and valuation certificate are for the use only of the party to whom it is addressed and no responsibility is accepted to any third party for the whole or any part of its contents.

Currency

Unless otherwise stated, all money amounts are stated in Renminbi (“RMB”).

We enclose herewith our summary of values and valuation certificate.

Yours faithfully
